## “The Maid of the Mountains”

“The Maid of the Mountains,” which is coming to the Walker Theatre on Monday, March 17th, for the week, for its final and farewell engagement in this city, holds the most unique record of any musical play known.

At one time there were companies holding the boards in London, New York, Canada and a company in South Africa, and within the last two years Oscar Asche has had a company in Australia.

Stanley T. Vermilyea, the well known composer and producer, is responsible for this latest company to tour Canada, which company was warmly welcomed in this city in January last.

The company and production remains intact for this final engagement, with Miss Ethel Walker, the Australian Prima-Donna, in the title-roll, and supported by the same well-known artists and chorus
